

Warrior Squad Takes Second In Triangle Meet

By BILL TOLSON
Despite a rally in the final events, El Camino's hard running spikemen fell two points short of top honors in a triangular track meet with Riverside J.C. and Loyola University, last Saturday at Sentinel Field, Inglewood. The final standings were: Riverside, 62½; El Camino 60½; Loyola 36½.

The Warrior cindermen placed one, two, three in both the javelin and pole vault, and topped the relay to push near the top in the final minutes but the effort was two points shy.

Goerge Hummel hurled the javelin 151 ft. 10½ inches to edge out his Warrior teammates Bob Hannah, and Dick Contreras. Ray Southstone sailed over 11 ft. 6 in. for a first in the pole vault. Don Berry and Jim Newton tied for second at 11 ft. The Warrior relay team of Doug Robertson, Contreras, Fred Carne, and Roger Norgren took the mile relay when Norgren made up three yards on the anchor lap and broke the tape two yards in front of Riverside's Mullens.

Robertson and Bob Chase were the Warriors only other winners. Robertson snagged the broad jump, with a leap of 21 ft. 1½ in., and finished second in the 440 for high point honors. Chase bagged the half-mile in 2m. 8.5s, with Glen Mahony running third.

Norgren, Chuck Nickerson and Dick Nightengale finished second, third and fourth in both sprints. Riverside's sensational Art Williams took the century at 9.9s and the furlong at 21.9s.

Warriors Trip Santa Ana In Casaba Tilt

After having lost two previous games to Santa Ana Junior College by close scores, the El Camino Warriors took the Don's measure in a basketball game played in Santa Ana on Feb. 25 and wound up on the long end of a 73-53 score.

Coach John Morrow was especially pleased with the results of the game and felt a measure of revenge was achieved for previous defeats. In the second game played by these two teams, it took Santa Ana two overtime periods to finally defeat El Camino.

High point man for the game was Marty Acosta, who sank 28 points even though he was out of the game for a quarter.

El Camino's final game of the year will be played against East Los Angeles Junior College Friday, March 5 at 8:30 p.m. in the Leuzinger High School gym.

Trout Season Dates Fixed By State Officials

A state-wide May 1 opening for the trout season and an all-year-round open season on black bass beginning May 1, has been set by the California Fish and Game Commission.

Efforts upon the part of the Bureau of Fish Conservation based upon biological research to divide the state into two areas, with 17 southern counties opening the trout season May 1, and the remainder of the state opening the trout season May 30, has been defeated.

Practically every other item in the Bureau of Fish Conservation program was approved by the commission.

These included:
1. The existing bag limit for striped bass was modified, which prohibits the possession of twenty-five pounds of striped bass and one fish in any one day.

2. Bag limits, in the aggregate, of three steelhead and salmon in northern coastal streams, and limits of two steelhead and salmon in southern coastal streams.

3. A reduction in the pismo clam bag limit from 15 to 10.
4. A six fish bag limit on mullet taken in the Salton Sea.

The trout limit, which also applies to Rocky Mountain whitefish, remains unchanged, fifteen fish or ten pounds and one fish. Removing the size limit on golden trout and reducing the bag limit to conform to other trout.

Western Avenue Improvement Aided By L.A.

Acquisition of four additional parcels of land needed for the improvement of Western Avenue between 132nd Street and 250th Street, has been directed today by the Los Angeles City Council.

At the recommendation of the committee on State, County and Federal Affairs, the Council instructed that the director of the Bureau of Right of Way and Land be authorized to open escrow and complete negotiations for purchasing the land needed.

The Bureau of Right of Way and Land also was asked to petition the County to cancel taxes for 1931-32 and all subsequent delinquencies up to and including the second half of 1947-48.

The chief accountant of the Board of Public Works was authorized to draw necessary demands from funds set up under the contract.
